

West Hants Club Toilet Break policy for U18's

During Tennis/Squash Holiday camps, there will be specific toilet breaks throughout the morning/day/afternoon whereby all players will be escorted in groups to the toilets by a DBS checked Coach/Assistant. The Coach/Assistant will not enter the toilets but will wait for the players outside.

During Weekly sessions, if a player aged 8 years or Under needs to use the toilet, if there are 2 members of staff, one will escort the player to the toilet and wait outside and escort them back onto the court. If only 1 Coach is taking the session, the session will be stopped and the other players will be asked to sit down and will be supervised by the other Coaches on the indoor courts whilst the player is escorted to the toilet and escorted back again. At no point will a member of staff enter the toilets.

For players aged 8 years and Above, they will not be escorted to the toilets but will be expected to inform the Coach that they wish to use the toilet and the player will be allowed to go to the nearest toilet. The Coach will check that they return during the session. If parents are not happy for their child to use the toilet unaccompanied, they are advised to stay throughout the session and be available to escort their child to the session if required.

All staff escorting players to the toilets will be DBS checked and at no point will any member of staff enter the toilets with the players, they will wait for the players outside and escort them back onto court.
